

R.V.R. & J.C. COLLEGE OF ENGINEERING

Student Handbook

Academic Year: 2026–2027

Document ID: RVRJC-STU-010

Version: 3.0

Effective Date: 01 July 2026

Policy Owner: Office of Student Affairs

1. Welcome

The Student Handbook provides general information regarding academic life, campus services, student responsibilities, conduct, support services, and institutional procedures.

2. Student Identification

Every student receives a College identification card. The ID may be required for library access, examination entry, hostel access, laboratory access, and campus services. Students must not lend their ID card.

3. Student Portal

The student portal is the primary digital platform for academic and administrative services. It may be used for course registration, examination registration, attendance monitoring, fee payment, scholarship applications, hostel requests, and academic results. Students should keep credentials confidential.

4. Academic Responsibilities

Students are responsible for attending classes, completing assignments, participating in assessments, maintaining academic integrity, monitoring academic progress, and completing required credits.

5. Attendance

Students must maintain required attendance in every registered course. The standard minimum attendance requirement is 75%. Students should regularly monitor attendance through the student portal.

6. Examinations

Students must comply with examination rules. Before examinations, students should verify the hall ticket, venue, date, time, and permitted materials. Unauthorized electronic devices are prohibited.

7. Code of Conduct

Students are expected to behave respectfully toward faculty, staff, fellow students, visitors, and campus service personnel. Harassment, violence, discrimination, threats, vandalism, and disruptive conduct are prohibited.

8. Academic Integrity

Students must submit original academic work. Plagiarism and unauthorized collaboration are prohibited. Sources used in academic work must be properly acknowledged.

9. Information Technology Usage

College computer networks and systems must be used responsibly. Students must not attempt unauthorized access, share institutional passwords, distribute malicious software, misuse network resources, or access systems without authorization.

10. Student Grievance Procedure

Students with academic, administrative, or campus-related grievances should normally follow:

Faculty/Staff → Academic Advisor → Head of Department → Student Affairs Office

Serious disciplinary matters may be referred directly to the appropriate committee.

11. Student Clubs

Students may participate in approved technical, cultural, sports, entrepreneurship, literary, and social service clubs. Activities must comply with College regulations.

12. Placement Services

The Career Development Centre supports students with placement preparation, resume development, aptitude training, technical interview preparation, soft skills training, and internship opportunities.

13. Health and Emergency Services

Students requiring medical assistance should contact the campus health centre. Emergency incidents should immediately be reported to campus security or the designated emergency service.

14. Hostel

Students residing in College hostels must comply with rules regarding entry timings, visitors, leave, noise, room maintenance, and safety.

15. Library

Students have access to the Central Library and digital resources. Library users must return borrowed materials on time and comply with library regulations.

16. Scholarships

Eligible students may apply for institutional scholarships and financial assistance before announced deadlines.

17. Leave of Absence

Students requiring extended absence for legitimate reasons should submit the appropriate leave request. Approval depends on the nature and duration of leave.

18. Emergency Contacts

Campus Security: 24-hour service

Student Affairs Office: Monday–Friday, 9:00 AM–5:00 PM

Academic Affairs Office: Monday–Friday, 9:00 AM–5:00 PM

Central Library: During published library hours

Current contact numbers are displayed on the official student portal and campus notice boards.

19. Student Responsibility

Students are responsible for keeping themselves informed about academic regulations, examination schedules, attendance, course registration, fees, scholarships, hostel requirements, and College notices. Failure to read an official notice does not normally exempt a student from applicable deadlines or regulations.

20. Important Reminder

The Student Handbook provides general guidance. Where a conflict exists between this handbook and an officially approved academic or administrative regulation, the current approved regulation takes precedence.
